

Como registrarse en IDT

Entrar en www.idtdna.com y pinchar en “Sign in” arriba al lado de la banderita.

Scientists vote IDT best-in-class for customer experience

[LEARN MORE](#)

- DNA & RNA**
Save time and resources with industry-leading oligos manufactured to your specifications to accommodate all your diverse research needs.
Custom DNA oligos • Custom RNA oligos
Large-scale synthesis • SameDay oligos
- CRISPR genome editing**
Achieve higher efficiency genome editing and avoid toxicity or innate immune responses with Alt-R products.
CRISPR-Cas9 • CRISPR-Cas12a (Cpf1)
CRISPR enzymes • Genome editing detection
- Next generation sequencing**
Consistently achieve greater sensitivity, higher throughput, and better uniformity with xGen products.
Exome • Panels • Custom probes
Adapters • Blockers
- Genes & gene fragments**
Reliably create genomic constructs with sequence-verified gBlocks fragments or simply order cloned products for convenience.
- qPCR & PCR**
Experience greater sensitivity and better confidence in your data with PrimeTime and rhAmp products.
- Functional genomics**
Achieve increased potency and better specificity in loss-of-function studies using short oligos.

Custom DNA oligos

IDT's long-standing reputation as a pioneer and leader in custom oligo manufacturing. Our manufacturing process are designed and developed in-house, including specialized high-throughput automation systems that ensure fast turnaround times. We do not use standard equipment for synthesis, allowing us to easily refine equipment and reagents as necessary to ensure unmatched in quality and consistency for use in routine and specialized applications.

DNA oligos »

Single-stranded, pooled, or duplexed DNA, synthesized to your specifications. Use our convenient online tools.

Help

TruGrade DNA Oligos

En esta página podrán introducir las secuencias una a una o copiando y pegando desde un Excel en la pestaña azul que pone **"Bulk input"**. Podrán descargarse un Excel "tipo" para saber cómo rellenarlo.

Una vez introducidos las secuencias, nombres, escala y purificación pinchar en **"Add to order"** y los productos se subirán al carrito de compra. Aquí podrán revisar todos los productos y conocer el tiempo de entrega.

Si todo es correcto hay que pinchar en **"email"** para tramitar el pedido. En la siguiente página se rellenan o confirman (si ya se han introducido previamente) las direcciones de entrega y facturación: Pinchar en **"Continue"**.

En una última página les pedirá un número de pedido **"PO number"**. Y una vez introducido hay que darle a **"Submit Order"**

Aquí podrán revisar todos los productos y conocer el tiempo de entrega y si todo está correcto hay que pinchar en **"Email Cart/Quote"** para enviar el pedido al dpto de compras
